Reunion Planned By NWMSC Grads

Several former "Bearcats" now residing in California are planning a Northwest State College reunion to be held in the San Francisco area sometime in June.

It will be the second Bearcat reunion in California. Nine years ago the first such event was held as a family picnic at a resort near here. It was planned by the same ones who are arranging the 1960 reunion.

The coordinating committee is comprised of William R. Bills, Class of '37, formerly of Jamison and Maryville, now associate agency manager, The Equitable Life Assurance Society, San Francisco; Virgil L. Elliott, Class of '40, now director of finance and records, city of San Francisco; Buel M. "Buck" Snyder, Class of '42; and Mary Frances "Robin" Robinett, Class of '52; formerly of Cameron. Both Snyder and Miss Robinett also work for Bills' insurance firm.

Anyone knowing the names and addresses of former Bearcats now living in California is urged to forward such information to Bills at 120 Montgomery Street or to Elliott at 220 City

The 1951 reunion-picnic attracted 24 former Maryville students who, along with members of their families, boosted the total attendance to 51.

Permit Forms Are Available

Forms for requesting permits to register are now available in the office of the Dean of Administration.

Requests for the FALL SEMESTER are now being accepted. Permits will be mailed in August to those students who provide stamped, self-addressed envelopes.

Seniors will not be given preference for the early hours. It is therefore incumbent upon those who will need courses requiring permits in order to graduate to return their requests promptly.

Sandfords to Give 2nd Dual Concert May 15

Mr. Donald Sandford, violist, and Mrs. Mary Jane Sandford, pianist, will present the second of two programs Sunday, May 15, at 4:15 p.m. in the Horace Mann Auditorium as part of the 1959-60 Faculty Recital Series of Northwest Missouri State College.

Mrs. Sandford teaches piano at the college and Mr. Sandford is string instructor.

Closed Circuit Campus Radio Station to Be On Air This Week

KDLX, the new closed circuit campus radio station, is expected to be on the air sometime this week, according to plans released by Larry White and Dennis Mathes, co-managers. Component parts for the transmitter are now available, and the transmitter is being assembled by members of the Radio Club.

The station has purchased a new turntable from Kansas City. It is a deluxe three speed model. An older auxiliary turntable will also be used. The station is equipped with microphones, a tape recorder, and most of the necessary equipment.

According to Mathes, it is hoped that KDLX will be in operation in a matter of days. It will be at 560 on all normal radio dials. Broadcasting can be tuned in only at the quadrangles at first, but it is hoped that the station will become campus-wide next fall.

Larry White, program director, indicated that the format for KDLX will be "music to study by." It will feature mood music, light classics, and jazz. Hours of operation are tentatively set for 7 p.m. to 12 midnight, Sunday through Thursday.

"Traveling" Fence Has New Dwelling

The latest addition to college landscaping is a new fence in front of the J. W. Jones Union Building.

The fence was originally located in front of President Jones' home, which was, prior to 1905, known as the Gaunt Nursery.

Later the fence was moved to the D. O. Belt property, south of town; soon after transferred to Mr. Ralph E. Martin, of Davenport, Ia.

At Mr. Martin's death in 1956, a nephew, Mr. Guy V. Martin of Albuquerque, New Mexico, acquired the fence and presented it to the college.

It is hoped that the fence has ended its traveling spree, and has established a permanent residence here at NWMSC.

Brown Banquet Speaker

Everett W. Brown, director of field services, spoke at the annual awards banquet Wednesday, May 4, at Macksburg High School, Macksburg, Ia.

Regents Approve Loan, Name Dr. Miller Dean

Northwest State College will make a formal application for a \$2,100,000 federal loan to construct additional dormitory housing facilities on the MSC campus, the board of regents decided at the monthly meeting Thursday.

The new dorms, if built, would increase on campus housing to 1,275 students by the addition of facilities for 260 more women and 266 more men.

Maryville R-II school district was offered by the board 30 acres of land at the west edge of Maryville on College property for the site of a new senior high school for the consideration of needed professional laboratory experiences including student teaching under the administration of the State College.

In other action Dr. Leon Miller, 10-year member of the faculty and chairman of the division of education, was promoted to dean of instruction by the board, and Dr. Charles H. Thate, member of the faculty of Southern Illinois University, was named chairman of the division of education.

In other action the board accepted resignations, granted leaves of absences and approved new appointments.

Resignations accepted were from Richard Hesler, English and speech, at the end of this school year, Mrs. Donna Eisenberg, Dean Wilson's secretary, June 30; Paul Turner, end of this school year; Mrs. Nelson T. Grabau, home economics, Horace Mann, at the end of this school year.

Dr. Harry Gailey has been granted a leave of absence effective at the end of the current semester until the fall of

1961 to accept a Ford Foundation scholarship for research study in Africa; Mrs. Marjorie Person, for the summer of 1960, to do further graduate work at Indiana University; Mrs. Dennis Neil, Horace Mann, for the summer of 1960.

Band of Renown On Concert, Dance

A near-capacity crowd was on hand to hear an enjoyable musical concert presented by Les Brown and his Band of Renown in a special assembly, Friday, May 6. The program was held in the main college auditorium. Les featured a wide variety of concert music, from light classics to modern jazz. Several vocal and instrumental soloists were featured and a comedy routine was included in the program.

At 9 o'clock p.m. the same evening, the Les Brown Orchestra provided the music for the annual Spring Formal.

Les Brown has become a familiar figure on the campus of NWMSC. He played the Spring Formal in 1958, and his orchestra performed the first annual Sig Tau Pops Concert in 1959.

Former Graduate Is Author of Book

Dr. Leland L. Medsker, B.S., 1928, is the author of a book published recently by the McGraw Hill Book Company entitled, "The Junior College: Progress and Prospect."

He is Professor of Higher Education at the University of California, at Berkeley, and is vice-chairman of the university's Center for the Study of Higher Education. His recent book is the report of an extensive study of the two-year college in the United States, which he completed with the aid of a grant from the Carnegie Corporation of New York City.

Subsequent to his graduation from NWMSC, Medsker earned his master's degree from Northwestern University and his doctorate from Stanford. He has had wide experience as a junior college administrator in Chicago and in California and has been active in numerous professional associations.

Currently he is a member of the Elective Committee of the Association for Higher Education of the National Education Association, and a member of the Policies Committee of the American Council on Education.

He is the son of Mrs. T. Medsker of Maryville and the uncle of Mrs. Joe Anders and Miss Rosanne Lyle, NWMSC students.

Spice Added to Faculty Offices By Use of Signs

Among the many and colorful assortment of signs seen in the offices of the college's faculty, Mr. Harry P. Bowes, Assistant Dean of Students, has the prize.

A stern old Confederate officer, still carrying the Southern Colors, is simply — but effectively — personalized with the caption, "Forget Hell!"

Mr. Bowes reported that the picture was an original southern production, and the seemingly humorous caption was of no little consequence there.

President Jones, possibly thinking of the numerous revolutions, has a unique but a meaningful sign above his door, "Make No Little Plans." Signs are visible in almost every faculty stronghold.

The office of Mr. William T. Garrett and Mr. Miles Grabau, of the Biology Department is especially adorned with signs. "Don't Underestimate Yourself . . . Let Me Do It for You," and "I was told to cheer up, things could be worse — so I cheered up! and sure nuff — things got worse!" are samples of their verbal wall-pieces. "Flunk out early and miss the rush," and "Service with a smile," are more examples of a popular faculty hobby, which grows with every year!

THE STROLLER

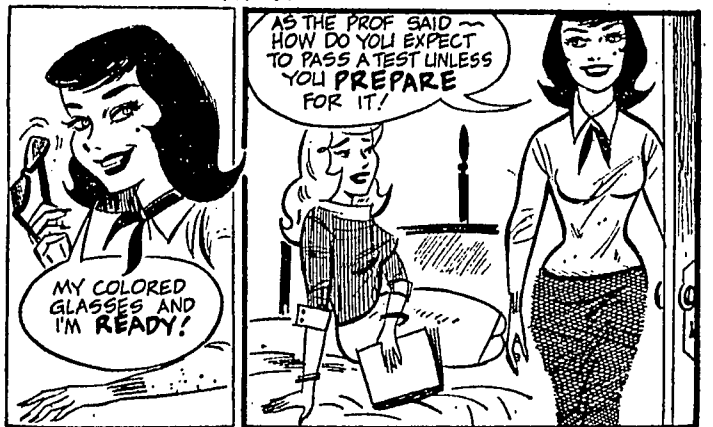

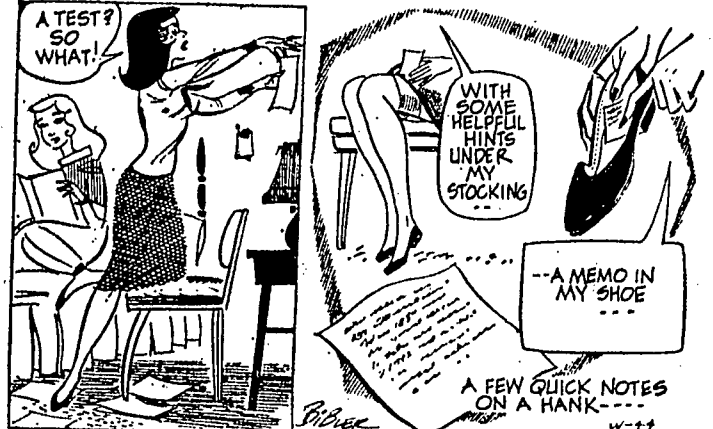

The Stroller is taking up a new fund to be used for a very worthy cause. It's called, "Teacher's Aid Fund for the Purchase of Eyeglasses Needed for Eyestrain Caused by too Many Term Papers." Judging from the heavy brief cases carried by the instructors and the lights burning well into the night at the quad and dorm, this must be a bumper crop this year. At least, a few students seem to be picking up a little change doing a booming business in the Term Paper Manufacturing Industry.

The big interest in athletics now is softball, and the Stroller wandered into a large crowd

watching one of the games recently. From her observation, most of the participants make better clowns than softball players.

The Stroller finds it interesting at this busy, busy time of year to view the barrage of banquets, picnics, and meetings by all the organizations; and he certainly has a good time picking up the tidbits of food and information when everyone is enjoying himself in these last few days of school. And speaking of last few days, isn't it fun to see everyone going around with bloodshot eyes, unshaven, asleep, and muttering "Term papers, tests, labs . . . only 11 more days!"
